

Tap Your Imagination

Presentation by author / illustrator Amalia Hoffman

Amalia Hoffman's award winning book illustrations have been praised by critics as witty, whimsical and magical.

Dressed in a magician hat, she sprinkles glittery magic dust and draws with her magic wand as she demonstrates how she follows her imagination and dreams in her quest for illustrations that tell the story in a fresh and unique way.

Children of all ages will be inspired when they watch Amalia draw images from her books, *Purim Goodies* and *The Klezmer Bunch* such as a baby carriage with a smiling mouth, houses that look like people and dancing musical notes.

After the demonstration, Amalia reads a short story and each child is encouraged to tap their own imagination and create unique illustrations.

Amalia is happy to sign her sample demonstrations for your school, library, book store or community center. Supplies will be provided.
